INTO THE WILD

A hearty helping of crispy Mexican *chapulin* (yes, grasshoppers) was the crowning detail Primal Alchemy's Paul Buchanan put on his lemongrass sablefish taco before handing it out to some 650 gourmands at **Share Our Selves'** annual fundraiser—and he certainly caught a few unaware. But it's not all that surprising: It was Wild & Crazy Taco Night, a no-holds-barred evening of culinary creativity for SoCal's finest chefs. Five Crowns' Steve Kling piled smoked chile-braised lamb in grilled flatbread tortillas, while Slapfish's Andrew Gruel got fresh with a lobster BLT taco. The party gleaned \$55,000 for the nonprofit's food pantry—perhaps that bite of bug was worth it, after all. —KS
